

This is the first book to cover every angle in the clinical application of biologics. Readers will not only find that all of the biologics currently approved for clinical use are delineated in a standardized way, but also the differential therapy with biologics in fields including dermatology and neurology is described in detail and summarized in treatment algorithms. Shorter sections on biologic biotechnology as well as safety and regulatory issues complement the more clinically-oriented central chapters.

The Kill List, How to Live With Them: Since You Cant Live Without Them, Simple Pleasures, Sombra (Roca Juvenil) (Spanish Edition), Deep Black: Nick Stone, Book 7, A Heart for Any Fate: The Biography of Richard B. Russell, Sr.,
