

Civilization: Call to Power Official Strategy Guide provides detailed information on all technologies, government types and units You will learn the quickest path to achieve advancements in every aspect of the game, including government type, religion and technology The book covers single and multi-player strategies for building a powerful, well-balanced and well-defended empire Taking its cue from the original Civilization game, players start with a stone-age tribe and build up to a nuclear powered empire with new units and government types Players can develop their empire over a 7,000 year span. Every progress or decline in a players empire can be traced back to a previous decision in the game
