

[Read by Robert Fass] Cop Out is different from any other detective novel Ellery Queen ever wrote. Who are you, Malone? Just a little while ago you were a cop. That was before the two punks and their girl hit town. That was before they boosted a payroll and shot down a man and took your nine-year-old daughter as insurance to cover their getaway. Now you're just a man. Scared. Not for yourself - that would be easy. But for your child, the only thing in the world you love enough to make you play ball with the kind of scum you've hated all your life.
